

Cloquet Area Chamber Bucks

Can be spent at so many places...

Save your local economy...
three stores at a time.

- 3** Think about which three independently owned businesses you'd miss most if they were gone. Stop in and say hello. Pick up a little something that will make someone smile. Your contribution is what keeps those businesses around.
- 50** If just half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue.* Imagine the positive impact if 3/4 of the employed population did that.
- 68** For every \$100 spent in independently owned stores, \$68 returns to the community through taxes, payroll, and other expenditures. If you spend that in a national chain, only \$43 stays here. Spend it online and *nothing comes home*.
- 1** The number of people it takes to start the trend...you.

Pick 3. Spend 50. Save your local economy.
